NETJET™

ENGINEERED FOR THE AQUACULTURE INDUSTRY

The NetJet™ is a containerised high-pressure pump unit engineered specifically for the aquaculture industry. Designed and manufactured in Scotland, it delivers powerful, reliable water pressure for Net Cleaning Heads and Cage Washers, maximising cleaning efficiency while reducing downtime in harsh marine environments.

Available from 250HP to 750HP, the NetJet™ can be configured with either a diesel engine or electric motor, giving operators the flexibility to match performance with operational requirements.

With a dedicated fleet of rental NetJet™ units available for rapid deployment, Brimmond also specialises in the bespoke design and manufacture of custom pump solutions tailored to each client's application, vessel, and operational demands.

KAMAT

WORLD LEADING PUMP SPECIALISTS

Through our partnership with German pump specialist KAMAT, Brimmond delivers world leading high-pressure pump technology to the UK and Ireland aquaculture sector.

Since 1974, KAMAT has engineered high-pressure pumps and complete pump systems designed to perform in the toughest industrial environments, with technology designed for reliability, durability and continuous performance.

Combined with Brimmond's expertise in manufacturing, rentals, servicing, and aftersales support, the result is the NetJet™ range: dependable. High-performance solutions built to withstand demanding offshore conditions and backed by fast, responsive support from a trusted local engineering team.

BRIMMOND

BUILDING EQUIPMENT FOR MARINE

For more than three decades, Brimmond has engineered, manufactured and supplied robust equipment solutions.

As a family-owned Scottish business, we combine engineering expertise with responsive, hands-on customer support. Our dedicated service technicians operate throughout mainland Scotland and the Islands, providing fast, reliable support when it matters most.

Every NetJet™ is designed, built, and fully tested at our headquarters in Kintore, Aberdeenshire, where we also hold a comprehensive inventory of spare parts for immediate dispatch across Scotland, helping keep operations running with minimal interruption.

SUPPORT

OUR TEAM

- Engineering team of 10+
- Workshop Team of 20+
- Onsite Service Team of 5+

WHAT WE OFFER

- Complete process of design to manufacture
- Onsite service and support
- Remote technical support

RENTAL

- Rental units held in Kintore, Aberdeenshire
- Mobilised within 24hrs notice
- Short term / Ad-Hoc
- Long Term
- Rent to buy

NETJET™

KEY FEATURES

Kamat High Pressure Pump

- High quality, low maintenance, easily serviceable

Configurable to your needs

- Up to 1000lpm flow
- Up to 230 Bar pressure
- Diesel or Electric drive

Designed for ease of use and maintenance

- Low swing, noise attenuating, bi-fold doors
- 12" Touch Screen
- Radio Remote Control

Ease of transport

- 4 Point overhead lift
- Forklift Pockets

NETJET™

KEY FEATURES

Aluminium Frame

- Ensuring weight is kept to a minimum with exceptional salt water resistance

Duplex External Filters

- Redundancy and long filter clean intervals
- Negates seawater entry into unit during change

Internal Diesel Tank

- Stand alone running up to 10 hrs
- Bulkhead connection for vessel tie in

Plug and Play

Designed to be used on a range of Net Cleaning Heads and Cage Washers

NETJET™ 250D SPECIFICATION

KAMAT K18000-M21 Pump
Aluminium Frame
12" HMI Touch Screen

Max Flow: 500lpm
Max Pressure: 230 Bar
Combined: 500lpm @ 180 Bar or
445lpm @ 210 Bar
Engine: Volvo D6 Marine Engine or
Perkins E7B Marine Engine
Dims: 2.5m (L) x 1.8m (W)
x 2.2m (H)
Weight: 3500kg
Options: Duplex filters
Radio remote control
Fuel tank
Electric boost pump

NETJET™ 350D SPECIFICATION

KAMAT K25000-M21 Pump
Aluminium Frame
12" HMI Touch Screen

Max Flow: 500lpm
Max Pressure: 230 Bar
Combined: 500lpm @ 230 Bar
Engine: Volvo D8 Marine Engine
Dims: 3.0m (L) x 2.0m (W)
x 2.2m (H)
Weight: 4500kg
Options: Duplex filters
Radio remote control
Fuel tank
Electric boost pump

NETJET™ 750D SPECIFICATION

KAMAT K45000-M21 Pump
Aluminium Frame
12" HMI Touch Screen

Max Flow: 1000lpm
Max Pressure: 230 Bar
Combined: 1000lpm @ 230 Bar
Engine: Scania DI16M V8 Marine
Engine / Volvo D16
Marine Engine
Dims: 4.0m x 2.0m (W) x 2.65m (H)
Weight: 7500kg

Options: Duplex filters
Radio remote control
Fuel tank
Electric boost pump

NETJET™ 750E SPECIFICATION

KAMAT K45000-M21 Pump
Aluminium Frame
12" HMI Touch Screen

Max Flow: 1000lpm
Max Pressure: 230 Bar
Combined: 1000lpm @ 230 Bar
Motor: 550kW 4 Pole, Electric Motor
Dims: 4.0m x 2.0m (W) x 2.65m (H)
Weight: 8500kg

Options: Duplex filters
Radio remote control
Fuel tank
